Dear Mr. Guerra:

I am pleased to inform you that the Texas State Teachers Association has endorsed your candidacy for the Texas House. You are authorized to utilize our endorsement in whatever manner it will most benefit your campaign.

We are also informing our leaders and members in your district of this endorsement, and we will encourage them to work in your campaign and publicize your endorsement in ways that are most helpful to your election effort.

After candidate filing is done, TSTA will analyze this year's legislative races and set our budget for the contributions we will make this cycle before the pre-session deadline. We will be in touch to discuss how TSTA can most effectively integrate our members' efforts and resources into your campaign.

TSTA appreciates your efforts on behalf of our public schools, our educators and the students whose future will be shaped by the decisions you make. Together, with your support, we can insure a quality education for our students and provide teachers and educational employees the respect and support they deserve.

We look forward to working with you on a successful campaign and during the legislative session.

Sincerely,
