MCALLEN, TEXAS - "Today I filed for re-election because I want to continue fighting by the side of nurses and frontline health care workers who helped carry us through the pandemic. I want to continue to fight by the side of teachers and educators who adapted so quickly and went above and beyond to make sure no child was left behind. And I want to continue to fight side by side with small businesses, from trucking, to trade, to health care and more; as they persist through such challenging times while continuing to innovate, grow jobs and improve our quality of life."

###

State Representative R. D. "Bobby" Guerra, Vice Chair of the Public Health Committee, has been a lifelong Rio Grande Valley resident and his ancestors have been in the Valley for generations. He married his high school sweetheart, Leslie Yoder-Guerra, and they raised their three children and established his law practice right here in the community. The Valley is in his blood and in his heart. He never forgets where he came from and fights with honor and integrity at the State Capitol for the great constituents of House District 41.

A growth in Texas' population has increased the number of constituents within and moved the boundaries of House District 41, which now includes more than 189,000 people and the communities of McAllen, Edinburg, Pharr, Mission, Palmhurst, and Lopezville (CDP).
